SUPPORT A DURBIE CAMPAIGN:

"Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair. It is more powerful than government in breaking down racial barriers. It laughs in the face of all kinds of discrimination." – Nelson Mandela

There are many ways to support our Durbies

Support a Durbie Campaign. Your tax-deductible donations to the *Support a Durbie Campaign* support student athlete scholarships for school and hostel, academic assistance and enriched learning opportunities.

Support a Durbie Campaign

When you donate to the *Support a Durbie Campaign*, you give student-athletes an advantage in their education and in competition, empowering them to create a positive impact in society.

Durbanville High School started a development program - Support a Durbie Campaign in 2014 where hardworking, learners, from disadvantaged backgrounds, receive the opportunity to pursue their high school career at Durbanville High School.

The program affords learners the opportunity to receive a quality education at a well-balanced school. The aim of the program is to assist hardworking learners, wanting to improve their lives, the opportunity to rise from their circumstances and ultimately take their place in the community and out in society. This program serves as a pathway program to tertiary education through their sporting talents. The program also includes an academic support system to ensure learners receive the necessary academic support and assistance.

Learners are made to feel home in the Durbanville High School Hostel, where they have the opportunity to develop on all levels and reach their full potential.

The project is funded by corporate companies and individuals, looking to make a difference in society either by ploughing back into the school community

as a way of giving back or part of their corporate socio-economic responsibility, wanting to improve their BBBEE status and ultimately make a difference in a child's life.

Learner profiles are compiled to provide sponsors with feedback regarding learners. Info includes learners' academic and their sporting achievements.

Your contribution is invaluable as it provides a disadvantaged learner with a quality education at a top school.

IN PARTNERSHIP WITH MOI (MERGON ONTWIKKELINGS INISIATIEF):

At the start of 2021, Durbanville High School partnered with the Mergon Ontwikkelings Inisiatief. MOI is a comprehensive bursary fund and development program for high school learners from disadvantaged backgrounds in the Western Cape. Bursary students are selected through a vigorous assessment and selection process to ensure that they embody MOI's vision and values. MOI supports scholars who display exceptional academic and leadership potential, strong Christian values and good character to successfully complete their high school career without financial or any other constraints.

MOI's comprehensive program also supports learners with their academic progress, emotional wellbeing and spiritual formation to become future leaders that will make a positive impact to our communities and country.

CONTRIBUTIONS TOWARDS THE SUPPORT A DURBIE CAMPAIGN:

Contributions vary and are dependent on the company and / or individual's socio-economic responsibility or their wish with regards to involvement. Contributions may include school uniform (sports attire), books, partial or full sponsorship of school and/or hostel fees, touring and or sports kit fees.

TAX BENEFIT FOR COMPANIES AND OR INDIVIDUALS:

Money is paid into Durbanville High School's account. The school is able to supply the sponsor with a tax certificate and the Sports & Marketing Office supplies the sponsor with a letter for their BBBEE contribution.

With this project, Durbanville High School aims to provide hardworking, young learners the opportunity to improve their academics and develop their sporting abilities. We feel that we make an actual difference in these learners' lives and strive to develop learners on all levels and properly prepare them for life.

Our student-athlete success **STORIES**

Durbanville High School's rugby program was bolstered when it entered a five-year deal with C2M Chartered Accountants in 2015. Through the Durbanville Alumni fund it received the necessary funding to recruit top coaches.

Durbanville prides itself in its development of players and was the case when it produced two WP Craven Week players who did not play any representative rugby at primary school in 2018.

The juniors have competed at the highest level and beat schools like Paarl Gymnasium, Paarl Boishaai, Paul Roos Gymnasium, Boland Landbou, HTS Drostyd, Monnas and Grey College in the 7's code. The u14's won the Peter Buttner 7's tournament in 2016 & 2017 beating Paarl Gymnasium and Paarl Boishaai in the finals. The juniors (u14-u16) have beaten Bishops, Garsfontein, Grey PE, HTS Middelburg, Oakdale, Outeniqua, Rondebosch, SACS and Wynberg in the 15-man code over the past few years.

2019 Saw Durbanville beating the likes of SACS and Stellenberg. 9 Seniors received bursaries to further their playing careers at universities.

Durbanville has delivered 25+ Western Province rugby players and various players making it into the SARU Elite Player Development Program over the past few years. In 2020 Durbanville had 4 SARU Elite Squad players.

In 2021 Durbanville ended the season in 7th place on the national rugby rankings. During 2022 Durbanville claimed the scalps of SACS and Helpmekaar. Durbanville also won the WP u18 7's title.

Through donor funding many aspiring young players have made their dream a reality and are studying through sport bursaries.

Durbie donors like you are the success behind the sustainability of the program – thank you.

JUANRÉ DE KLERK

Juanré represented the WP u17 7's & WP u18 Craven Week XV Rugby teams. He also represented the Western Province u20's.

RONALDO ISMAIL

Ronaldo represented the WP Grant Khomo & WP Craven Week Academy XV teams & was included in the SARU u18 EPD squad.

WIAAN SCHMIDT

PATHWAYS PROGRAM

Durbanville High School has performed at the highest level at academics, sport and culture in recent years.

In an effort to attain and retain top student-athletes, Durbanville started the Pathways Program. The objective of the program is to provide talented, hardworking learners a pathway, through their sport, to tertiary education in the form of sport and academic bursaries. Durbanville High School's Sport & Marketing Department set-up partnerships with various universities and unions across South Africa as well as the USA providing student athletes with endless possibilities and opportunities.

While sport is the vehicle for this program, student-athletes' academics, are the determining factor. In order to be successful, student-athletes need to perform not only on the sports field, but also in the classroom. Durbanville High School provides student-athletes, in the Pathways Program, the opportunity to excel in the classroom. Student-athletes are monitored to ensure they achieve the necessary grades, which qualify them for tertiary studies. Student-athletes are helped by tutors and staff providing extra help classes, helping with learning disabilities, emotional wellbeing etc.

Universities and unions provide student-athletes with sport and academic bursaries at some of SA's leading universities such as University of Cape Town, Free State, North-West, Pretoria, Stellenbosch as well as the Western Cape. Universities in the USA are under NCAA standards and guidelines prohibit links and mentions of these universities as part of advertising. Durbanville has set-up partnerships with various universities for tertiary studies, should student-athletes qualify on their sporting achievements as well as their academic standards.

Thanks to donors, student-athletes are supported on the sports field and in the classroom.
